

# Personal Protection Equipment: PPE

**SMARTSHIELD Box of 45 pieces**

**Part No: 323472**

**Head mounted transparent visor**

**Full face protection against saliva droplets from coughs & sneezes**

**Designed for convenience and hygiene**

The screen protects the full face from liquid projections in healthcare environments (e.g. COVID - 19).

The screen is made of Polyvinyl Chloride (PVC) with a foam band resting across the forehead and an elasticated strap.

The shield covers from the forehead to the chin allowing the wearing of both a face mask and glasses, comfortably permitting full visibility.

The elastic strap allows ease of application to the head and guarantees comfort.

- The face shields are pre-assembled
- Quick, easy and convenient to apply, just pull on over the head as required
- Anti-fatigue foam on the forehead for comfort and extended use

Do not use near sources high intensity heat or presence of flammable gases.

## Don't just cover, protect yourself!

### Material Specification:

PVC

Thickness 200µm (EN1849-2)

Resistance

Longitude >45Mpa

Transverse <40 Mpa

Elongation at Break

Longitude >100%

Transverse <3%
